## **Global Infrastructure Dialogue (GID) & Energy Summit 2023 & GID 2024 (19<sup>th</sup> & 20<sup>th</sup> September 2024)**

**“Let’s get real. Let’s talk Real Assets.”**

LONDON, October 06, 2023 – The Global Infrastructure & Energy Summit Dialogue 2023 took place on 15<sup>th</sup> – 16<sup>th</sup> June in Frankfurt at the Sofitel Opera in Frankfurt and it brought together global senior movers and shakers of the infrastructure and energy industry, covering western regions as well as growth markets.

GID 2023 provided a forum for global decision makers in infrastructure to get together in a series of interactive sessions, 1:1 meetings and fire-side chats. Senior investors, asset managers, lenders, developers, and policy makers discussed the latest global trends in infrastructure and energy sector.

The topics that were covered in the summit mainly were about latest investment strategies in debt- and equity in volatile times, investment opportunities in renewables, the energy transition, hydrogen, EV charging, battery-storage, e-mobility, digital infrastructure, tech, and transport infrastructure, ESG as well as insights from developers that secured funding for mature and emerging markets. As LNG and methanol investments are set to surge in the upcoming years, they were also the key topics that were discussed in the 2023.

The annual event will be coming back on the 19<sup>th</sup> & 20<sup>th</sup> of September 2024 at the Sofitel Opera of Frankfurt, where senior industry leaders will gather to discuss the current trends, infrastructure developments and energy transitions.

Ankit Metha, former Director and employee at Future Fund, Australia (now with H.R.L. Morrison, Australia) said "The Dialogue Capital event was a useful way to discuss current themes in infrastructure investing with a broad range of market participants. The Boardroom format allowed a thoughtful and candid discussion with all participants."

### About Dialogue Capital

Headquartered in London, Dialogue Capital is a leading firm that provides a wide range of services to a substantial and diversified senior clients' base. Founded in 2013 by Florentina Freise with the vision to support senior decision makers in the real assets industry to find new business partners and investable infrastructure assets and to leave an impact in the industry for future generations.
